Holiday Homework

Class 1

Subject—Mathematics

Session-2020-2021

Q1) Number Grid Activity:

Make a colorful Number Grid from numbers (1-50) just like Snakes and Ladders and play it using a dice with your family members.

Material required for making Number Grid is as follows:

- 1) A 4 sheet or Drawing sheet

- 2) Newspaper or cardboard for pasting at the back of the A 4 sheet.
(to give support to the A 4 sheet or Drawing sheet used)
- 3) Pencil, eraser, sketch pens, colours, scissors and fevicol.
- 4) You can cover the Snakes and Ladders made with a talc sheet or cling film.

Material required for making a Dice (You can make your own dice too.)

<https://youtu.be/vUws412hdjo>

- 1) Paper , any sketch pen.

Now answer the following questions.

- a) Count the number of your family members and colour the number in the grid with **BLUE**.
- b) Colour **RED** the digit that comes after it.
- c) Colour **GREEN** the digit that comes before it.
- d) Arrange the given numbers (28,17,36) in Ascending Order and colour them with **YELLOW**.
- e) Arrange the given numbers (43,19,39) in Descending Order and colour them with **PINK**.

Q 2) Ganitmala Activity:

Make your own Ganitmala using:

Material required: different objects like beads, macaroni, paper roll etc available at your home, rope or string, tape or fevicol.

Note: 1) The objects taken should be 50 in number.

2) Follow the given video.

<https://youtu.be/Z3H4II4ORdM>

Q 3) Spatial Vocabulary:

Note: Parents to encourage and engage children in household chores to develop number sense and spatial vocabulary.

a) How many members are there in your family?

b) Count the number of spoons and glasses in your home.

c) Compare the objects nearby your home and classify them on the basis of short-tall, thick-thin etc.

(Example-plants,trees,notebooks,stationery items etc)

Summer

Holiday Homework
Class-1 Session (2020-21)
Subject-General Knowledge

ACTIVITY-1 -Cut and paste the pictures of any five Indian outfits on a drawing sheet . Label them also.

ACTIVITY-2- With the help of your parents make a model of a land transport or a water transport with a cardboard or thermocol. Decorate it with the materials available at your home.

EVS HOLIDAY HOMEWORK

1. Plant a sappling & Water it regularly and weed out unwanted growth whenever you notice it and take care of it.
2. Eat one fruit daily, drink plenty of water & follow social distancing.
3. Keep a separate bowl of water and grains outside your house or on your terrace. Keep refilling it accordingly.

HOLIDAY HOMEWORK COMPUTER

- Draw, colour and name the different parts of computer on a drawing sheet or A-4 sheet .

NOTE:

- Do your work in neat and clean manner.
- Parents are requested to guide the students.
- Parents to encourage their ward in doing their work.
