MESSAGE FROM THE HEADLINER

*"Through truth comes knowledge and contemplation,
Through truth comes faith in action,
Through truth comes a focused and meditative mind,
Through truth, life is sustained."*

"As we tread upon the path of knowledge, let us remember the words of the ancient Sanskrit shloka, 'Vidya dadaati vinayam' - Knowledge bestows humility. Embrace this wisdom, dear students, for true learning lies not just in books but in being humble and open-minded.

Together, let us embark on this journey of transformation, guided by the divine flame of knowledge. Godspeed!

CLIMATE CRY

Amidst the whispers of the trees,
In a world beset by warming seas,
There lies a crisis, urgent, vast,
A challenge for our future, cast.
The climate's dance, once in harmony,
Now disrupted by our industry,
Oceans rise and glaciers weep,
In our hands, the promises we keep.
Through carbon's haze, we must break free,
And nurture Earth, our legacy,
With renewable hope, we stride,
To heal the wounds, where nature cried.
Let innovation be our guide,
In sustainable ways, we'll ride,
Towards a future, bright and fair,
Where all can breathe clean, precious air.
