

Dear students,

**Here comes your most awaited moment !!
Your summer vacations!!!!**

So this summer vacation we have planned your holidays so that you can spend quality time and enjoy your vacations. You will agree that taking a break from studies once in a while is very important. It freshens up our body and mind.

We have planned your vacations by giving interesting themes for every week.

It suggested to perform the task weekly/ daily as per the given schedule to enjoy the task.

WEEK – 1: LOVE NATURE

- Visit a nearby nursery and get a beautiful small plant (sapling) , put in a pot, water the plant daily and take care of it. Also write few simple details of the plant.

Name of the plant	Flowering or Non-flowering plant	Indoor or Outdoor plant	Type of plant (herb/shrub/climber/ creeper/tree)

- Make a bird feeder from waste material like (boxes, bottles, canes, bowl e.t.c) and don't forget to put some grains and water daily.

WEEK-2 HEALTH IS WEALTH

- Go for morning walk with your family and friends and explore the beauty of nature. Do some exercise daily to stay fit. Count and do 10 times rope skipping , jumping and breathing exercise daily.
- Also collect some beautiful fallen leaves , flowers and colourful pebbles you find during your morning walk.
- Learn to prepare any food item which can be cooked without fire like(sandwich , sprouts , Bhelpuri , lemonade etc) with the help of your parents.

WEEK – 3: READ AND GROW

- Get your own story book full of colourful pictures and make a habit to read it daily before going to bed .
- Use your fairy tale/library note book to write down the name of the story, characters, moral of the story and paste few picture related to the story you have read
- You may also ask your parents/ grandparents to tell you stories.

Fairy Tales

WEEK- 4 : ART ATTACK

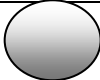

Make any two props like hand puppet, face mask, magic wand, crown related to the story you have read and show it after summer break while telling the story you read.

WEEK-5 MATHS MAGIC

Observe your surrounding and objects. Categorize the things you see around you into 5 different group as circle, square, rectangle, triangle and oval. Draw/ Paste atleast any 5 object in each group and mention its name also.

Sr .No	Shape of objects
